PROFESSIONAL SUMMARY

B.Tech graduate in Artificial Intelligence & Data Science with hands-on experience in **SQL, Python, Excel, Power BI, and Tableau**. Skilled in data cleaning, exploratory data analysis (EDA), SQL-based business analysis, dashboard development, and translating data into actionable insights. Built end-to-end analytics projects involving customer behavior, banking/loan performance, sales, and data visualization. Seeking an entry-level **Data Analyst, BI Analyst, Reporting Analyst, or MIS Analyst** role.

TECHNICAL SKILLS

Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Business Analysis, KPI Analysis

SQL: MySQL, PostgreSQL, SQL Server, Oracle; Joins, CTEs, Aggregations, GROUP BY, Subqueries, Views, Window Functions

Python: Pandas, NumPy, Matplotlib, Seaborn, Plotly

Power BI: Power Query, DAX, Data Modeling, Relationships, Interactive Dashboards, Slicers, Drill-Down

Excel: Pivot Tables, Pivot Charts, VLOOKUP, HLOOKUP, Conditional Formatting, VBA

Tableau: Data Connections, Joins, Unions, Calculated Fields, Filters, Charts, Dashboards

Other: R Programming

EDUCATION

Bachelor of Technology (Artificial Intelligence & Data Science)
IIMT College of Engineering, Greater Noida

PROJECTS

CUSTOMER SHOPPING BEHAVIOUR ANALYSIS

Python (Pandas) | *PostgreSQL* | *Power BI*

- Analyzed **3,900 customer transactions across 18 features** to identify purchasing patterns, customer segments, and product preferences.
- Cleaned and prepared data using Python/Pandas by handling missing values, standardizing columns, creating derived features, and transforming purchase-frequency data.
- Loaded processed data into PostgreSQL using SQLAlchemy and performed business-focused SQL analysis.
- Analyzed revenue by gender, discount usage, subscriber vs. non-subscriber spending, and shipping performance using SQL.
- Developed business recommendations around **subscription growth, loyalty programs, discount optimization, and targeted marketing**.

BANK LOAN ANALYSIS

Python | *Pandas* | *Matplotlib* | *Plotly*

- Analyzed loan applications, funded amounts, repayments, interest rates, and debt-to-income (DTI) metrics to evaluate loan portfolio performance.
- Developed key KPIs including **Total Loan Applications, Total Funded Amount, Total Amount Received, Average Interest Rate, and Average DTI**.
- Categorized loans into Good Loans and Bad Loans to evaluate loan quality and default trends.
- Performed EDA across issue date, state, loan term, employment length, loan purpose, and home ownership.
- Created visualizations to communicate lending patterns, portfolio trends, and regional performance.
- Generated insights into customer borrowing behavior, repayment performance, and loan distribution.

E-COMMERCE MANAGEMENT SYSTEM

MySQL

- Designed a relational database by creating databases and tables and inserting structured data.
- Developed SQL queries using **JOINs, aggregate functions, GROUP BY, ORDER BY, CTEs, views, and indexes**.
- Used SQL analysis to retrieve and summarize business-relevant information from the database.

DATA PROFESSIONAL SURVEY DASHBOARD

Power BI | *DAX* | *Power Query*

- Built an interactive Power BI dashboard for analyzing professional survey data.
- Used Power Query for data preparation and created relationships between data tables.
- Developed dashboard visuals, KPIs, slicers, and drill-down functionality using Power BI.
- Applied DAX to create analytical measures and support interactive reporting.

SALES ANALYSIS

Microsoft Excel

- Analyzed sales data using Pivot Tables, Pivot Charts, filters, and slicers.
- Applied Excel functions including SUM, COUNT, AVERAGE, MAX, MIN, VLOOKUP, and HLOOKUP.
- Used conditional formatting to identify and communicate important patterns in the data.

ADDITIONAL PROJECTS

Tableau Dashboard — Built dashboards using charts, filters, joins, unions, and calculated fields.

Student Result Analysis — R — Performed data cleaning, manipulation, analysis, and visualization using R.

CAREER TARGET

Data Analyst | Junior Data Analyst | BI Analyst | Reporting Analyst | MIS Analyst | Entry-Level Business Analyst
